

CMAA Colorado Chapter 2020 Project Achievement Awards

The Awards Committee is composed of owners and professional construction managers. The Committee considers outcomes, overall management, safety, quality management, cost management, schedule management, complexity, innovation and creativity, and customer satisfaction as the basis for the award.

This evaluation is a competitive process. Be sure to present your entry in the most thorough and flattering light.

Notification will be made in late April to each submitting firm. Those firms whose entries were not selected will receive judges' comments for use in future nominations.

The format of the 2020 CMAA Colorado Chapter Project Achievement Awards is still being determined, but we will let all award winners know with plenty of time to prepare.

Award winners will be publicized on the CMAA Colorado Web site. Selected photos will also be featured on the Web site.

Multiple entries from one firm will be accepted. Entries may be submitted in more than one category and may be awarded in more than one category. If a nomination is submitted in more than one category, *separate entries must be made for each category*.

Project Achievement Award entries must be submitted electronically, and must be received no later than 5:00 PM Mountain Time, November 30, 2020.

Submit entries to:

CMAA Colorado Project Awards
Attn: Jessica Killian, PE, PMP – NV5, Inc.
Jessica.killian@nv5.com

Each entry will consist of multiple parts:

1. Data submission for each required Part. The completed data should be submitted as a PDF file.
2. Supporting materials for Part Five of the entry that are available as hard copies, such as newspaper clips, letters from clients, awards information and recognition, etc., should be scanned and incorporated in a separate PDF and included with the entry.
3. Up to 10 photos may be included with each entry, in addition to any photos included in Part Five. Please do not embed photos in the text. Photos should be saved as JPG files and included with the entry. Please include full credit information for photos.
4. Affirmation: This should be on a separate page and must include the information detailed in the Affirmation section of the Criteria, including the exact wording of the affirmation. A signed copy must accompany each submission, and can be included as a hard copy or scanned and included electronically.

Make your narratives clear and concise, showing merits of your entry with respect to the criteria. Complete all Parts. Each criterion will be evaluated and missing information will have an adverse effect on your score. The weight in scoring for each Part is included in the requirements.

CMAA Colorado has established the following submission fee schedule:

Members	\$125
Non-members	\$175

Include a submission fee made out to CMAA Colorado Chapter with each entry nomination package. **Entries will not be judged unless the submission fee has been paid and a signed affirmation received.** All entries become the property of CMAA Colorado and will not be returned. The information and images submitted may be used for promotional purposes by CMAA Colorado.

If you have any questions about the awards or the nomination process, please email Jessica Killian at jessica.killian@nv5.com.

Part Four: CM Innovation and Contributions (30 percent scoring weight) (200 words)

Provide a statement not exceeding 200 words describing the unique contributions the CM made to the success of this project or program. What did the CM do that was special? What did the applicant provide that another CM/PM firm would not or could not have provided? Stress how the CM solved a problem, created an opportunity, or overcame challenges.

Part Five: Supporting Information (40 percent scoring weight) (500 words)

Provide detail, not exceeding 500 words, to support the statement(s) made in Part Three. Focus on as many of the areas listed below as may be appropriate to the project.

Everything submitted in Part Five must relate to and support statements made in Part Four. It is not necessary to address all of the areas below. The judges will look for evidence of innovation and

creativity on the part of the CM. Your project's uniqueness may involve only one or two of these elements. That's fine: Focus on those strong points and make your case. Do not provide detailed description of materials, methods and processes that are well known and commonplace.

- Overall management
- Team leadership
- Project delivery method
- Quality management
- Cost management
- Schedule management
- Safety management
- Customer service
- Risk mitigation
- Sustainability standards
- Unique challenges and CM responses
